CONDUCTOR WAS KNOCKED DOWN

L. & G. N. Conductor Collided With a Buggy and Was Rendered Unconscious.

Mr. Ed Vineyard, conductor on the International and Great Northern Railroad, was painfully injured about the head at noon today. The accident occurred at the corner of Texas avenue and Travis street.

Vineyard was on his way down the street when he was knocked down to the pavement. He was almost unconscious and was placed in an automobile to be carried to the Bristol hotel immediately.

The man occupying the carriage that collided with Mr. Vineyard gave the name of H. M. Johnson and said he was stopping at the Brazos hotel. No such person could be found there. According to the statement of the driver of the horse Mr. Vineyard was walking rapidly across the intersection when he ran into the horse and fell backward on the pavement.

The police were notified of the accident and immediately investigated. Mr. Vineyard, upon recovering consciousness, refused to prosecute the gentleman who was driving the carriage.—Houston Correspondence Galveston News.

Dr. Clark Died.

Dr. F. B. Clark, notice of whose serious illness was made in Saturday's paper, died at his home on Esplanade street Saturday afternoon at 3:30 o'clock, and was buried yesterday afternoon at 4 o'clock. The funeral was attended by a large number of the late Doctor's friends.

Dr. Clark had been a resident of this city for a number of years, and was held in high esteem by a large circle of acquaintances.

He was a man of splendid character, and lived his full three score and ten years and more an exemplary life. Peace to his memory.

RAILROAD NEWS.

The K. C. O. & H. Sold Their Bonds and Will Resume Work.

Mr. C. L. Kendrick received another letter this week from the K. C. O. & H. R. R. people. The company have been having some trouble in getting right-of-way, but have everything settled now, and will proceed with the construction of the road.

The company have sold their bonds for \$18,000,000, which is enough to build the entire line to Athens and equip it with up-to-date rolling stock.

As nothing has been doing lately on this road the people had lost interest to some extent, but it won't take long to revive.

Everyone recognizes the need of a line north and south and it is given out from a reliable source that if the K. C. O. & H. people don't build there is another system figuring on the same line.

Athens is already a lively and prosperous town, but think of the possibilities when we get that road north, with shops and general office at this place. The representative of the K. C. O. & H. is expected to be here in a few weeks and then steps will be taken to get right-of-way in this county, and be ready for construction to commence in a few months.

The above article is reproduced from the Athens Knocker. Wonder what Palestine is doing or is going to do in this matter? The impression is growing among our people that if Palestine is ever the city she should be she will have to have more railroad outlets. It is time to do something practical if Palestine wants this road.

Goods Arriving.

Fire Alarm.

Sunday morning between 9 and 10 o'clock a fire alarm was turned in from the home of Mrs. Graves of North Sycamore, but it proved to be a flue burning out, and no damage resulted.

District Court.

District court convened this morning and the grand jury was empaneled, and Judge Word gave them his charge. The day has been taken up with preliminary work.

The newly elected judge, Hon. B. H. Gardner, does not receive his commission until forty days after the election, and as Judge Gardner is attorney in a number of cases to come before the present term of court, it is likely he will not qualify as judge until in January, as he desires to finish up the cases in which he is interested as attorney before assuming the duties of judge.

You know tis said to be a poet
You must be born one—guess we know
it.
But when you tackle our appetite
'Bout things to eat, it makes us bright.
We haven't got lots to say you know,
Just passed along by Cendos' store,
He served us a cup of Alamo blend,
Of Mocha and Java, the household
friend.
It's the grandest coffee you ever did
see,
And sold by Hooker & Co., phone 53.
